Glenda, this follows my telephone conference with you on Friday, September 18. After careful deliberation and consultation with my client, Damalas Bouldin, the victim, we are hereby withdrawing our request that the government seek restitution from Defendant Jimmy Charles Sullivan as a part of his criminal sentence. We believe Mr. Bouldin's interests in having his medical bills paid will be served via his civil lawsuit which is pending against Sullivan and the City of Mendenhall.

If there is something more which we must do so that the government can direct its resources to other matters, please advise. We thank you and of the other government officials who aggressively pursued justice in this cause.

Sincerely yours,

Carlton W. Reeves
